**ADMINISTRATIVE LAW JUDGE'S RULING  
SEEKING COMMENT ON EXTENDING CERTAIN  
MONTHLY REPORTING REQUIREMENTS**

In Decision (D.) 00-12-036, the Commission extended two reporting requirements that the utility distribution companies (UDCs) are to make to the Commission's Energy Division. These reports contain information about: (1) direct access implementation activities; and (2) which entities are installing direct access meters and which entities are providing electricity billing services. D.00-12-036 provides that these reporting requirements are to terminate with the reports ending for the month of September 30, 2002, unless further extended by the Commission.

The Energy Division has requested that the Commission extend the reporting requirement for these two monthly reports for two additional years, i.e., through the month ending September 30, 2004.

This ruling seeks comment from the UDCs and other interested parties on whether the Energy Division's request to extend the reporting period for these two monthly reports should be granted or not. The UDCs and other interested parties may file comments on whether the monthly reporting of direct access implementation activities; and which entities are installing direct access meters and which entities are providing electricity billing services should be extended for two more years. The comments are to be filed with the Docket Office and served on the service list, and an electronic copy shall be served to the undersigned ( [jsw@cpuc.ca.gov](mailto:jsw@cpuc.ca.gov) ), on or before July 19, 2002.

**IT IS RULED** that:

1. The utility distribution companies and other interested parties may file comments on whether the Energy Division's request to extend the monthly reporting requirement for the two reports described above by an additional two years should be granted or not.
2. The comments shall be filed with the Docket Office and served on the service list to this proceeding, and an electronic copy shall be served on the undersigned, on or before July 19, 2002.

Dated July 10, 2002, at San Francisco, California.
